

Agency	RFP Title	Description	Total Award (\$)	Grant Period (yrs)
Illinois State Board of Education	Children's Low-cost Laptop Program	The CPS iPad Project will dramatically transform teaching and learning in approximately 48 elementary schools through the integration of iPads in the daily curriculum.	\$ 3,000,000	2
U.S. Department of Education	High School Graduation Initiative	The CPS High School Graduation Initiative program will reduce dropout rates and increase dropout re-entry and retention by providing a comprehensive and integrated system of interventions and supports.	\$ 14,921,389	5
	Smaller Learning Communities	The CPS Smaller Learning Communities (SLC) Initiative will transform five large high schools into SLCs characterized by small groups of students aligned with small groups of core teachers to build deep relationships through continuity of instruction and sincere interest in students' futures throughout the four years of high school. The initiative is based on research that cites increased academic qualifications and strong individualized support in the college planning process as the most critical factors to increasing postsecondary enrollment and success for CPS students.	\$ 9,877,522	5
	Teacher Incentive Fund ARRA	The Teacher Incentive Fund advances ongoing work by CPS to integrate a comprehensive performance-based compensation system for teachers and principals into its Human Capital Framework. The project will target 25 schools and principals along with 1,125 teachers.	\$ 34,089,505	5
U.S. Department of Health and Human Services	Minority AIDS Initiative Project: Targeting Youth at Highest Risk for HIV, Other STD, and Teen Pregnancy	The program will develop new media strategies for the 10,851 students in thirteen high schools within the HIV Prevention grant's five target zip codes, which report the highest rates of Chlamydia and Gonorrhea in Chicago (60644, 60651, 60623, 60620, 60628).	\$ 150,000	1
	Teenage Prenancy Prevention: Replication of Evidence-based Program Tier 1	This grant will reduce the occurrence of teenage pregnancy in Chicago's youth by improving life skills and increasing community engagement and healthy behaviors. CPS will target nearly 40,000 high school students in 44 high schools that are located within 28 of the 77 Chicago Community Areas that have high teen pregnancy rates.	\$ 19,718,035	5
U.S. Department of State	National Security Language Initiative for Youth Summer 2011	20 CPS students who are studying Chinese will spend 6 weeks in China during the summer to experience immersion in Chinese language and culture.	\$ 180,247	1
	Startalk (2 applications)	Junior high school students studying Arabic and Chinese will spend 4 weeks of summer in language immersion programs at the University of Chicago.	\$ 199,624	1
